Impossible to live without water...

Dimensions (LxWxH) :  $225 \times 105 \times 140 \text{ cm}$ 

Weight : 1.985 kg
Fuel tank : 230 liter
Max. Capacity : 90 m3/h

Engine : Hatz 1D81Z diesel engine

Fuel consumption : 0,8 liter / hour

**Options:** 

- PLC controlled motormanagement
- Vacuum control fuel saving module i.c.w. PLC controller
- GPS location determination
- Telemetric reading and control on distance
- Protection bars on canopy with own company logo
- Panels painted in any single (company) RAL colour

#### **Pump Performance:**

	11-143	11-100	11-1/3	
Cylinder diameter	145	160	175	mm.
Engine power	7.5	5.5	7.5	Kw
Capacity	48	60	90	m3/h
Head	65	26	22	mwc.
Vacuum	9.5	9.5	9.5	mtr.

# Impossible to live without water...

## Reciprocated piston pump built in galvanized stacking frame with:

- Hatz 1D90 ZE fixed speed diesel engine

- Control box with fuel gauge, hour counter

and engine warning light

- Stone box
